

AUTOMOTIVE MASKING TAPES

Introducing Toucan quality Automotive Masking Tapes with Good, Better and Best in class qualities offering solutions for every body shop at superb value.

911 TAN MASKING TAPE

PART# 911-18x45
3/4" (18mm) x45M
CASE QTY 48

PART# 911-36x45
1.5" (36mm) x45M
CASE QTY 24

80 Cases/Pallet

Tensile Strength, N/ 100mm - 385
Adhesion to Steel, N/ 100mm - 26

Quality Automotive Tape. Good adhesion & resistance to lifting, Clean removal with no adhesive transfer when exposed to 80°C for 30 minutes, Limited Water Resistance, Primarily for indoor use, Excellent Value.

922 ORANGE MASKING TAPE

PART# 922-18x50
3/4" (18mm) x50M
CASE QTY 48

PART# 922-36x50
1.5" (36mm) x50M
CASE QTY 24

80 Cases/Pallet

Tensile Strength, N/ 100mm - 385
Adhesion to Steel, N/ 100mm - 28

High Performance Automotive Tape, good adhesion & resistance to lifting, clean removal with no adhesive transfer when exposed to 100°C for 30 minutes, solvent & water resistant, good flexibility on curved surfaces.

933 YELLOW MASKING TAPE

PART# 933-18x50
3/4" (18mm) x50M
CASE QTY 48

PART# 933-36x50
1.5" (36mm) x50M
CASE QTY 24

80 Cases/Pallet

Tensile Strength, N/ 100mm - 485
Adhesion to Steel, N/ 100mm - 29

Premium Performance Automotive Tape. Excellent Adhesion & resistance to lifting & curling, Clean removal with no adhesive transfer when exposed to 110°C for 60 minutes, UV, Solvent & Water Resistant, Superb flexibility on curved surfaces.
